CLASSIC PRECISION, MODERN PERFORMANCE

Create flawless fades and clean tapers with the cordless version of the Master,[®] renowned for its cutting precision. Featuring a carbon-steel blade that adjusts from size 000 to 1, we gave this tool the look and feel of the iconic Master[®], but with state-of-the-art technology.

POWERED TO PERFORM

The Master[®] Cordless cuts through all hair types – wet or dry – with power to spare due to a high-performance rotary motor. Andis' Constant Speed Technology ensures that it delivers continual, high-speed blade performance (7,200 SPM) without dragging or stalling.

CORDLESS CONVENIENCE

Achieve optimal control and comfort during clipping from the new cordless design – same balance and feel as the traditional Master, but with less weight. Achieve 90 minutes of run time without slowing down thanks to a powerful, lithium-ion battery. Includes cord/cordless flexibility to deliver reliable power behind the chair.

TS-2 REPLACEMENT FOIL & CUTTER

Foil & Cutter 17155

Foil Only 17160

The right motor for optimal performance.

Andis® products are among the best cutting, smoothest running and most durable found anywhere in the world. Each utilizes expertly developed motor technology designed to complement the application, ensuring maximum performance. So which type of motor should you choose? Whether magnetic, pivot or rotary motor, your Andis selection will deliver the high-quality results you've come to expect when you pair the correct motor with the right application.

MAGNETIC MOTORS

Reliable Power & High Blade Speed

Magnetic motors run at high speed resulting in smooth cuts. Light textures of hair will feed and cut well with magnetic motor clippers. Less moving parts make these simple, reliable and the longest lasting of all the motors.

PIVOT MOTORS

High Power & Lower Blade Speed

Pivot motors have a lower blade speed than magnetic motors but are twice as powerful. Higher cutting power makes them ideal for cutting thick or heavy hair. They are whisper quiet, cool running and long lasting.

ROTARY MOTORS

High Power & High Blade Speed

Rotary motors have an equal amount of power and blade speed. They are also the only motor available with multiple speeds. Their balance between power, speed, size and weight makes them extremely versatile and perfect for heavy-duty cutting.

BRUSHLESS ROTARY

Brushless motors deliver more power and torque than standard designs. They also last longer and weigh less.

Titanium foil assembly and inner cutter #17230

INCLUDES:

- Charging adapter
- Cleaning brush
- Foil guard

The Copper ProFoil® shaver model is elevated in status with the addition of a stylish and durable housing in premium metallic copper colorway. It features the same powerful, yet quiet, rotary motor powered by a lithium-ion battery. It delivers up to 80 minutes of run time on a single charge. The shaver weighs less than 5 oz. and uses gold, titanium hypoallergenic foils for a close shave without irritation.

**17170 UK/EU/AUS/BRZ/ARG

MAINTENANCE PRODUCTS

Cool Care Plus®

12750

Spray can, 15.5 oz - 12 to a case

Cool Care Plus® is a 5-in-one coolant, lubricant, cleaner, rust preventative and disinfectant (virucide, fungicide, bactericide and tuberculocide) with a country-fresh scent. Do all of this in one step without removing the blade from the clipper. High-pressure comfort tip nozzle quickly sprays hair out of blade teeth. Cool Care Plus® has demonstrated effectiveness against viruses similar to SARS-CoV-2 on hard, non-porous surfaces.

EFFECTIVE
AGAINST
COVID-19

CLICK TO
LEARN MORE

Andis® Clipper Oil

12501

4 oz bottles - case of 48

Use Andis® clipper oil to lubricate and clean blades. Brush hair from the blades, add 5 drops and wipe away excess oil with clean cloth. Hang or store your Andis® clipper with the blades down to prevent excess oil from entering the clipper body.

Blade Care Plus®

12570 (Jar) & 12590 (Spray Bottle)

Dip jar, 16.5 oz - 12 to a case

Spray bottle, 16 oz - 12 to a case

In just 10 seconds, Blade Care Plus® leaves blades clean, lubricated and cool for optimal performance. Formulated for use by hair stylists, barbers, animal groomers and veterinarians, this 7-in-one, Vitamin E enriched formula cools, deodorizes, lubricates, cleans, prevents rust and decontaminates. Dip any detachable blade in the jar or conveniently spray blades to rinse away hair, buildup and preservatives.

Blade Brush

12415

The blade brush is a convenient, safe way to keep clipper and trimmer blades clean in between grooming. The broad bristle design ensures a clean blade in just a few strokes.

ACCESSORIES

Clipper Combs

12109, 12499 & 12455

Great for clipper cuts and flattops.

Black - (12109) Use when working with light-colored hair.

White - (12499) Use when working with dark-colored hair.

Pink - (12455) Use when working with any color of hair.

Styling & Cutting Comb

12410

Classic cutting comb shape with wide teeth for low-tension cutting and fine teeth for precision control.

Barber Tapering Comb

12405
